

# QuietFlow™ Ventilation System

- Rapid start, quick cool
  - 95-125 CFMS Per fan unit
  - Low noise, maintaining acoustical properties
  - Long life, energy efficient
  - UL approved, safe for personnel
- 

- Standard feature available on each pod.
- Tamper resistant hardware
- Brings room temperature into the unit
- Corrosion resistant assemblies and metal parts
- Backed by manufacturer warranty

## REFRESHED WITHIN MINUTES

---

Our proprietary QUIETFLOW™ system is designed to keep you cool, quietly circulating the air inside the booth every 3-4 minutes while ensuring sound doesn't escape. The design of the Spaceworx QUIETFLOW™ airflow system allows the fresh air to flow in smoothly, powered by energy efficient fans, and forcing stale air out through strategically positioned exhaust vents, ensuring that a proper balance oxygen level is maintained throughout the pod.
